Clinical trials have proven this supplement has better anti-aging properties than any other product researched. The combination of ingredients is highly effective, with the key extract patent protected.

ABOUT

Our 22 years of experience assessing people's health inspired Health Optimizing Supplements; born from a desire to provide real solutions for people around the world for maintaining health at home; to create a sustainable, long-lasting positive impact, as additional fuel to lead a healthy, happy life.

UNIQUE INGREDIENTS

Our formula includes the patented Maqui berry extract, Delphinol®, as a primary ingredient! The Maqui berry is the most powerful super-fruit on the planet. Our proprietary extract is a super-concentrate of the anthocyanins that provides the benefits. When combined with high-quality olive leaf extract, it creates truly transformational results!

PROVEN BY CLINICAL TRIALS

There is a vast amount of documentation proving the efficacy of our unique formula. We have put together a PDF document highlighting the most important findings, available upon request. This is a strong indicative factor of the power of Health Optimizing Supplements, as most supplements on the market are not as extensively backed by clinical trials.
